Re: Warning of Conduct and Consequences on Residency

Rainy River First Nation Chief and Council met on December 17, 2020 and directed that you be served notice, that your continued attacks against our Rainy River First Nation Community Care Program will no longer be tolerated and result in the issuance of a Band Council Resolution authorizing your immediate removal from our properties and lands of Rainy River First Nation's.

I trust you will heed this warning with the utmost seriousness and modify your behavior and conduct accordingly.

It is our hope that you see the importance of maintaining appropriate conduct in respect to your continued residency on Rainy River First Nation's and on the contrary the implications of your non-compliance with this warning hereby being issued to you by Chief and Council. Should you wish to discuss this notice you can contact me directly to set up a meeting.

Miigwech,

Sonny McGinnis
Manager of Administration
807-482-2479 (271)
CC: Chief and Council
